(Hospitalizations & Deaths) Due to COVID-19, there are no (0) hospitalizations at Samuel Simmonds Memorial Hospital (SSMH). SSMH has a cumulative total of one hundred (100) hospitalizations. The North Slope Borough has a cumulative total of thirteen (13) residents who have passed away.

(Cumulative total) The North Slope Borough (NSB) has a cumulative total of four thousand three hundred ninety-eight (4,398) resident cases to date.

COVID-19 vaccine walk-ins or appointments are available, please call the **SSMH Appointment Line at (907) 852-9380**. SSMH will host a Saturday COVID-19 vaccine clinic on October 8. The vaccine has no out-of-pocket costs. SSMH staff are also offering the vaccine in the village clinics. Questions? Please e-mail covidvac-cine@arcticslope.org.

SSMH is committed to providing community testing. Testing will now include Influenza-A, Influenza-B, COVID-19 and Respiratory Syncytial Virus (RSV) diagnoses. Hours of operation: Fridays, 4pm – 6pm, and Saturdays to Thursdays, 1pm – 6pm at the old NSB Transit Station facility at 1710 Ahkovak Street, located near the airport. Tests acquired at SSMH or the testing center are available with no out-of-pocket costs.

The following symptoms may appear 2-14 days after exposure:

- Cough
- Fatigue
- Headache
- Fever
- Sore throat
- Loss of smell or taste
- Body aches
- Sneezing/Runny nose
- Stomach ache

SSMH activated its incident command structure on March 16, 2020 to manage the COVID-19 pandemic in the region. SSMH is communicating with regional entities.

Please continue to follow the CDC recommendations against COVID-19. More information on protecting yourself can be found at <http://www.cdc.gov>.
